## ENCOURAGING MESSAGES TO THE JEWS

---

God would cause His people to prosper and would punish their enemies.

The nations that had overcome Judah were to be overcome.

Walls could not contain all who would live there, and the Lord would be Jerusalem's protection.

The priests would be forgiven of sins and be cleansed.

Zerubbabel, God's anointed, would finish rebuilding the temple.

Because of sin, a curse would go forth; the Law must and would be upheld.

"Wickedness" would be taken away from Judah.

God would watch over His people and protect them.
